

**Bruce K. Muma, MD
Chief Medical Officer,
Henry Ford Physician Network (HFPN).**

Previously Dr. Muma served as Chief Medical Officer of Henry Ford West Bloomfield Hospital (HFWBH) 2007 – 2013, as well as Medical Director of the Northern Region of the Henry Ford Medical Group (HFMG) from 1997 through 2007. He has held other leadership positions within HFHS including, Network Medical Director for the HFMG Health Alliance Plan network, Medical Director of the HFHS Chronic Care Initiative, and Physician in Charge of the Warren medical center. During his tenure with HFHS, he has also served on several HFHS governance boards including the HFMG Board of Governors (present), HFHS System Board (past), HFWBH Board (present), Henry Ford/St Josephs Board (past) and the HFMG Northern Region Board (past).

Dr. Muma has a special interest in innovative approaches to improving the quality and safety of health care. He has led HFWBH in their adoption of LEAN methodologies and in the creation of a culture of safety. He has led or sponsored numerous initiatives within the Henry Ford Health system over the past 17 years involving diabetes care, anticoagulation, cardiac risk factor management, electronic prescribing systems, electronic visits, advanced access models, poly-pharmacy programs, and worksite wellness programs.

Dr. Muma received his medical education at Wayne State University in 1983 and completed a combined residency in Internal Medicine and Pediatrics at Henry Ford Hospital in 1987. He is a fellow in the American Academy of Pediatrics and the American College of Physicians.
